

THE
INDIAN JOURNAL
OF
AGRICULTURAL SCIENCE

Issued under the authority
of
The Imperial Council of Agricultural Research

Annual subscription
Rs. 15 or 23s. 6d.

Price per part
Rs. 3 or 5s.

PUBLISHED BY THE MANAGER OF PUBLICATIONS, DELHI
PRINTED BY THE MANAGER, GOVERNMENT OF INDIA PRESS, NEW DELHI,
1942.

List of Agents in India and Burma from whom Government of India Publications are available.

ABBOTTABAD.—English Book Store.

AGRA—
English Book Depot, Taj Road.
Indian Army Book Depot, Dayalbagh.
National Book House, Jeomondi.

AHMEDABAD—
Chandra Kant Chiman Lal Vora.
H. L. College of Commerce Co-operative Store, Ltd.

AJMER.—Banthiya & Co., Ltd., Station Road.

AKOLA.—Bakshi, Mr. M. G.

ALLAHABAD—
Kitabistan, 17-A, City Road.
Ram Narain Lal, 1, Bank Road.
Superintendent, Printing and Stationery, U. P.
Wheeler & Co., Messrs. A. H.

BANGALORE CITY—Premier Book Co.

BARODA—East and West Book House.

BELGAUM—Model Book Depot, Khade Bazar.

BENARES—English Bookshop.

BOMBAY—
Co-operators' Book Depot, 9, Bakehouse Lane, Fort.
Lakhani Book Depot, Bombay, 4.
New Book Co., Kitab Mahal, 188-90, Hornby Road.
Popular Book Depot, Grant Road.
Safety Book Shop, Safety first Association of India, Fort.
Superintendent, Govt. Printing & Stationery, Queen's Road.
Taraporevala Sons & Co., Messrs. D. B.
Thacker & Co., Ltd.
Tripathi & Co., Messrs. N. M., Princess Street, Kalbadevi Road.
Wheeler & Co., Messrs. A. H.

CALCUTTA—
Book Company.
Chatterjee & Co., 3, Bacharam Chatterjee Lane.
Chukerverty, Chatterjee & Co., Ltd., 13, College Square.
Das Gupta & Co., 54/3, College Street.
Hindu Library, 137-F, Balaram De Street.
Lahiri & Co., Ltd., Messrs. S. K.
Newman & Co., Ltd., Messrs. W.
Roy Chowdhury & Co., Messrs. N. M., 72, Harrison Road.
Sarkar & Sons, Messrs. M. C., 15, College Square.
Sarkar & Sons, Ltd., Messrs. S. C., 1/1/1-C, College Square.
Standard Law Book Society, 79/1, Harrison Road.
Thacker, Spink & Co. (1933), Ltd.
Wheeler & Co., Messrs. A. H.

CAWNPORE—Advani & Co., P. O. Box No. 100.

COIMBATORE—Vaidyanatha Iyer, L., Tarakad House, R. S. Puram.

CUTTACK—Press Officer, Orissa Secretariat.

DELHI—
Central Book Depot, Kashmere Gate.
Federal Law Depot, Kashmere Gate.
Imperial Book Depot and Press, Near Jama Masjid (Machhlwala).
Indian Army Book Depot, Daryaganj.
Jain & Bros., Messrs. J. M., Morigate.
Oxford Book and Stationery Co.
Sharda Mandir, Ltd., Nai Sarak.
Young Man & Co. (Regd.), Egerton Road.

DEVGAD BARIA—Joshi, Mr. V. G., News Agent (via Pipodi).

DHARWAR—Shri Shankar Karnataka Pustaka Bhandara.

FEROZEPUR.—English Book Depot.

GWALIOR.—Jain & Bros., Messrs. M. B., Sarafa Road.

HYDERABAD (DECCAN)—

Dominion Book Concern, Hyderguda.
Hyderabad Book Depot, Chaderghat.

KARACHI—

Aero Stores.
Standard Bookstall.

KARACHI (SADAR).—Manager, Sind Government Book Depot and Record Office.

LAHORE—

Kansil & Co., Messrs. N. C., 9, Commercial Buildings, The Mall.
Malhotra & Co., Messrs. U. P., Post Box No. 94.
Minerva Book Shop, Anarkali Street.
Punjab Religious Book Society.
Rama Krishna & Sons, Anarkali.
Superintendent, Govt. Printing, Punjab.
University Book Agency, Kacheli Road.

LUCKNOW.—Upper India Publishing House, Ltd., Literature Palace, Aminuddaula Park.

LYALLPORE.—Lyal Book Depot.

MADRAS—

Higginbothams.
Superintendent, Govt. Press, Mount Road.
Varadachary & Co., Messrs. P.

MHOW.—Universal Bookstall.

MOGA.—Army Musketry Stores.

NAGPUR—

Central Law House, Tilak Road.
Khot & Sons, Messrs. G. G. Sita Buldi, 3rd Modi Lane.
Superintendent, Govt. Printing, Central Provinces.

NEW DELHI—

Bhawnani & Sons.
Jaina Book Agency, Connaught Place.
Ramesh Book Depot & Stationery Mart, Connaught Place.
Saraswati Book Depot, 15, Lady Hardinge Road.

PATNA.—Superintendent, Government Printing, Bihar, P. O. Guizarbagh.

PATNA CITY.—

Lakshmi Trading Co., Padri-ki-Haveli.
Raghunath Prasad & Sons.

PESHAWAR—

London Book Co. (India), Arbab Road.
Manager, Govt. Printing & Stationery, N.-W. F. P.
PESHAWAR CANTT.—Faqr Chand Marwah.

POONA—

Deccan Bookstall, Fergusson College Road.
Dastane Bros., Home Service, 456, Rawliwar Peth.
International Book Service.
Ram Krishna Bros., opposite Bishram Bagh.

QUETTA.—Standard Bookstall.

RAJKOT.—Mohandas Dossabhai Shah.

RANGOON—

Burma Book Club, Ltd.
Curator, Govt. Book Depot, Burma.

RAWALPINDI.—Ray & Sons, Messrs. J., 43, K. & L. Edwardes Road.

SHILONG—

Chapala Bookstall.
Superintendent, Assam Secretariat Press.

SIALKOT CITY.—Clifton & Co.

TRICHINOPOLY FORT.—Krishnaswami & Co., Messrs. S., Teppakulam.

VELLORE.—Venkatasubban, Mr. A., Law Bookseller.

INDEX TO VOL. X

AUTHORS

	PAGE
A	
ABRAHAM, P.—‘Cytological Studies’ in <i>Gossypium</i> , I. Chromosome Behaviour in the Interspecific Hybrid <i>G. arboreum</i> × <i>G. stocksii</i> ’ .	285
—————‘Morphology of the Somatic Chromosomes of three Asiatic Cottons’	299
ACHARYA, C. N.—‘The Hot Fermentation Process for Composting Town Refuse and other Waste Materials, III. The Hot Fermentation <i>vs.</i> Aerobic System of Composting’	448
—————IV. ‘The Hot Fermentation <i>vs.</i> Poudrette Methods for the Disposal of Night-soil’	473
AFZAL, M., <i>see</i> VERMA, P. M.	911
AHMAD, N., <i>see</i> KOSHAL, R. S.	975
————— <i>see</i> RAMANATHA AYYAR, V.	493
AHMAD, S., <i>see</i> ALI MOHAMMAD	82
AHMAD, T., <i>see</i> HUSAIN, M. A.	927
ALI MOHAMMAD and AHMAD, S.—‘Formation of Oil in some Oleiferous <i>Brassicæ</i> ’	82
AMIN, K. C.—‘Interspecific Hybridization between Asiatic and New World Cottons’	404
ANSARI, M. A. A.—‘Indigenous and Exotic Cottons of Iran’	522
APTE, V. N., <i>see</i> VAGHOLKAR, B. P.	388
ASHRAF, M., <i>see</i> LUTHRA, J. C.	653
B	
BADHWAR, R. L., <i>see</i> CHOPRA, R. N.	1
BAGCHI, S. N., <i>see</i> MITRA, R. P.	303

SUBJECTS

PAGE

A

<i>Acanthiophilus helianthi</i> , a new pest of safflower	110
Acid lime (<i>Citrus aurantifolia</i>), pre-orchard life of rootstocks for	601
Acidity of soil, reactions responsible for	303 ; 317
Aerobic <i>vs.</i> hot-fermentation process of composting	448
Agricultural field experiments, application of statistical theory to	192
_____, 3 ³ and 3 ⁴ designs in	213 ; 691
Agricultural implements or machines, prize for a design of	861
Akola, influence of rainfall distribution on the cotton yield at	960
Almond, a species of <i>Phyllactinia</i> occurring on	96
Ammoniacal and nitrate nitrogen, effect on the yields of rice plant	761
<i>Argyria sticticraspis</i> , anatomy, life and seasonal histories of	787
Asiatic and New World cottons, interspecific hybridization between	404
Asiatic cottons, linkage relations of the white-pollen factor in	842
_____, morphology of the somatic chromosomes of	299

B

Bamboo, chromosome number in	1033
Base-binding capacities of hydrogen clays	344
Base-exchange reactions of Indian red soils	62
<i>Batocera rufomaculata</i> , bionomics and control of	945
<i>Bemisia gossypiperda</i> , <i>see</i> white-fly	101
Bihar (north) and west United Provinces, striped moth-borers in	787
Biological method of converting molasses into manure	172
<i>Borassus flabellifer</i> , edibles from	824
Borer (fig tree), bionomics and control of	945
Borers (moth) of sugarcane, anatomy, life and seasonal histories of	787
<i>Brassica campestris</i> , <i>see</i> sarson	422
<i>Brassica napus</i> , <i>see</i> toria	422
<i>Brassicacae</i> (oleiferous), oil formation in	82
Buffer curves of Indian red soils	62

C

<i>Cajanus cajan</i> , <i>see</i> pigeon-pea	707
Cambodia Co2 cotton, effect of differential irrigation and spacing on the field behaviour and quality of	493

	PAGE
Carbon transformations during the decomposition of cane molasses	768
Cardamom, varieties of	1030
<i>Carthamus tinctorius</i> , see safflower	110
Chaubattia, soil survey at the Government orchard at	990
<i>Chilo trypetes</i> , a new pest of sugarcane in the Punjab	818
<i>Chilo zonellus</i> , anatomy, life and seasonal histories of	787
Chinee orange (<i>Citrus sinensis</i> Osbeck), pre-orchard life of rootstocks for	601
Chromosome behaviour in the hybrid <i>Gossypium arboreum</i> × <i>G. stocksii</i>	285
———— number in bamboo	1033
———— (somatic) of three Asiatic cottons, morphology of	299
<i>Cicer arietinum</i> , see gram	241
<i>Citrus</i> , see orange	89 ; 601
Clays (hydrogen), base-binding capacities of	344
————, colloidal solutions of	303 ; 317
Co2 cotton (Cambodia), effect of differential irrigation and spacing on the field behaviour and quality of	493
<i>Coffea arabica</i> , genetical studies in	414
Cold storage, loss in weight of fruit during	1021
Colloidal solutions of hydrogen clays	303 ; 317
Composting town refuse and other waste material	448 ; 473
<i>Corticium</i> on orange stem	89
Cotton, effect of differential irrigation and spacing on the field behaviour and quality of	493
———, cytological studies in	285
———, inheritance of mean fibre-length, fibre-weight per unit length and fibre maturity of	975
——— jassid in the Punjab	911
———, pigeon-pea and sunn-hemp, <i>Fusarium</i> isolates from	707
——— root-rot in the Punjab	653
——— stem weevil, a parasite of	776 ; 879
———, food and the productivity and longevity of	901
———, host plant of	640
——— white-fly in the Punjab	101
——— yield, influence of rainfall distribution on	960
Cottons (Asiatic), linkage relations of the white-pollen factor in	842
————, morphology of the somatic chromosomes of	299
Cottons (Asiatic and New World), interspecific hybridization between	404
Cottons of Iran	522
<i>Crotalaria juncea</i> , see sunn-hemp	707
Cytological studies in <i>Gossypium</i>	285

D

	PAGE
Deccan-canal tract, sugarcane varietal trials in	716
<i>Dendrocalamus strictus</i> , see bamboo	1033
Desert locust, role of water in the bionomics of	927
<i>Diatraea auricilia</i> , anatomy, life and seasonal histories of	787
——— <i>venosata</i> , anatomy, life and seasonal histories of	787

E

Electrochemical properties of colloidal solutions of hydrogen clays	317
<i>Elettaria cardamomum</i> , see cardamom	1030
Embryo of the Indian mangoes	750
<i>Empoasca devastans</i> (cotton jassid) in the Punjab	911
<i>Eupelmella pedatoria</i> , a parasite of the cotton-stem weevil	776
Exotic and indigenous cottons of Iran	522

F

Fermentation (hot) process for composting town refuse and other waste material	448; 473
Fibre-length of cotton, inheritance of	975
Fibre maturity of cotton, inheritance of	975
—— weight of cotton, inheritance of	975
Field behaviour of Cambodia Co2 cotton, effect of differential irrigation and spacing on	493
—— experiments, application of statistical theory to	192
—— (compact experiments), with three or four restrictions, analysis of	854
—— in agriculture, 3 ³ and 3 ⁴ designs in	213, 691
—— on sugarcane, plot size and shape technique for	388
——, shape of blocks in	844
Fig tree borer, bionomics and control of	945
Fruit, loss of weight in storage of	1021
<i>Fusarium</i> causing wilt of gram	241
—— isolates from cotton, pigeon-pea and sunn-hemp	707
<i>Fusarium lateritium</i> Nees var. <i>uncinatum</i>	863
—— <i>orthoceras</i> , key characteristics of	241
—— <i>udum</i>	863
—— <i>vasinfectum</i>	863

G

Genetical studies in <i>Coffea arabica</i>	414
Genetic groups, formation in Kumaun hill soils	990
Germination (delayed) in sesame	93
<i>Gossypium</i> , see cotton	101 ; 285 ; 299 ; 404 ; 493 ; 522 ; 640 ; 653 ; 707 ; 776 ; 842 ; 879 ; 901 ; 911 ; 960 ; 975
<i>Gossypium arboreum</i> \times <i>G. stocksii</i> , chromosome behaviour in	285
<i>Gossypium stocksii</i> \times <i>G. arboreum</i> , chromosome behaviour in	285
Gram wilt fungus	241
Grape-vine varieties at Lyallpur	552

H

Host plant of cotton-stem weevil	640
Hot fermentation method of composting	448 ; 473
Hybrid (interspecific) of <i>Gossypium arboreum</i> \times <i>G. stocksii</i> , chromosome behaviour in	285
Hybridization (interspecific) between Asiatic and New World cottons	404
Hydrogen clays, base-binding properties of	344
———, colloidal solutions of	303 ; 317

I

Importation of plants order	693 ; 860
India, inter-provincial plant quarantines in	697
——, poisonous plants of	1
Indian lateritic and red soils, chemical constituents of	158
—— mangoes, embryo of	750
—— red soils	62
—— Science Congress, 28th Session	237
Indigenous and exotic cottons of Iran	522
Inheritance of fibre properties in cotton	975
Insect pollinators of <i>toria</i> and <i>sarson</i>	422
Inter-provincial plant quarantines in India	697
Interspecific hybridization between Asiatic and New World cottons	404
—— hybrid of <i>Gossypium arboreum</i> \times <i>G. stocksii</i> , chromosome behaviour in	285
Iran, indigenous and exotic cottons of	522
Irrigation (differential), effect on field behaviour and quality in Cambodia Co2 cotton	493

PAGE

J

Jalgaon, influence of rainfall distribution on the cotton yield at	960
Jassid of cotton, in the Punjab	911

K

Kodur, pre-orchard life of certain rootstocks for <i>chinee</i> orange and acid lime at	601
Kumaun hill soils, studies on	990

L

Lateritic soils of India, chemical constituents of	158
Leaf-areas of plants, a rapid method of measurement	835
Leaf (young) colour in <i>Coffea arabica</i>	414
Lignin of rice straw, changes during decomposition	152
Lime (<i>Citrus aurantifolia</i>), pre-orchard life of rootstocks for	601
Linkage relations of the white-pollen factor in Asiatic cottons	842
Locust (desert), role of water in the bionomics of	927
Lyallpur, grape-vine varieties introduced at	552
————, insect pollinators of <i>toria</i> and <i>sarson</i> at	422

M

<i>Mangifera indica</i> , see mangoes	750
Mangoes (Indian), embryo of	750
<i>Manures and fertilizers—</i>	
Conversion of cane molasses into manure by the biological method and the results of the cropping tests with the manures prepared.	172
Maynard-Ganga Ram prize	238
Medicinal plants, see poisonous plants	1

Editor

F. M. DE MELLO, B.A., B.Sc. (Econ.)

The Editorial Committee, in its work of examining papers received for publication, is assisted in an honorary capacity by a large number of scientists working in various parts of India.

Editorial communications including books and periodicals for review should

be addressed to the Secretary, Imperial Council of Agricultural Research, Publication Section, New Delhi.

Communications regarding subscription and advertisements should be addressed to the Manager of Publications, Civil Lines, Delhi.

Instructions to Authors

Articles intended for THE INDIAN JOURNAL OF AGRICULTURAL SCIENCE should be accompanied by short popular abstracts of about 300 words each.

In the case of botanical and zoological names the International Rules of Botanical Nomenclature and the International Rules of Zoological Nomenclature should be followed.

References to literature, arranged alphabetically according to authors' names, should be placed at the end of the article, the various references to each author being arranged chronologically. Each reference should contain the name of the author (with initials), the year of publication, title of the article, the abbreviated title of the publication, volume and page. In the text, the reference should be indicated by the author's name, followed by the year of publication enclosed in brackets; when the author's name occurs in the text, the

year of publication only need be given in brackets. If reference is made to several articles published by one author in a single year, these should be numbered in sequence and the number quoted after year both in the text and in the collected references.

If a paper has not been seen in original it is safe to state 'Original not seen'.

Sources of information should be specifically acknowledged.

As the format of the journals has been standardized, the size adopted being crown quarto (about $7\frac{1}{2}$ in. \times $9\frac{1}{2}$ in. cut), no text-figure, when printed, should exceed $4\frac{1}{2}$ \times 5 inches. Figures for plates should be so planned as to fill a crown quarto plate, the maximum space available for figures being $5\frac{1}{2}$ in. \times 8 in. exclusive of that for letterpress printing.

Copies of detailed instructions can be had from the Secretary, Imperial Council of Agricultural Research, New Delhi.
